

YOU'RE INVITED! Join the AFSA Michigan Chapter for a Seminar
“Technical Changes from the 2013 to the 2016 ED. of NFPA 13”
December 4, 2017

**American Fire
Sprinkler Association
Michigan Chapter**

Presenter:

Tom Noble, C.E.T., AFSA Technical Programs Specialist
Thomas Noble, CET joined the Engineering and Technical Services Department in 2016 as its Technical Program Specialist. He has over 21 years of experience in design. He holds a NICET II certification in water-based system layout. Tom is a NFPA Committee member of 13D&R, 22, 24, 80A 101, and 170. He serves as primary instructor for the AFSA Beginning Fire Sprinkler System Planning School held in Dallas, TX.

Description:

No registration fees are required for members of AFSA and AHJ's. You must be a current, paid member of AFSA to receive free entry. Non-member registration fee is \$50.00. This webinar offers 4.0 CPDs and 0.4 CEUs. Continuing education certificates are available upon request for a nominal fee of \$10 each. For those interested in purchasing NFPA Code books, they will be available for sale at the seminar as well. **All reservations must be received by November 21, 2017.**

Lunch and Hosted Happy Hour sponsored By Reliable.
